iEi Products Product Change Notice

Phase out Model: WAFER-LX-800-R11

Status: Running change

Dear Customers,

iEi appreciates your daily support on IPC business. We would like to notify you that
IEI 3.5" SBC **WAFER-LX-800-R11** will be updated to **WAFER-LX-800-R12**.

Phase-out Model	Replaced Model	Remark
WAFER-LX-800-R11	WAFER-LX-800-R12	Function enhancement

The changes as listed as below:

1. Power supply compatibility improvement
2. Add CF master/salve jumper
3. Change SATA IC from Ali M5283 to VIA VT6421A for ESD improvement.

We would like to share the information with partners as early as possible. However,
please do not hesitate to contact us while you have any further comments.

Yours Faithfully

Louise Hsu
