iEi Products Change Notice

Display Monitor Models: AUPS series

Dear Partners,

iEi appreciate you daily support on IPC business.

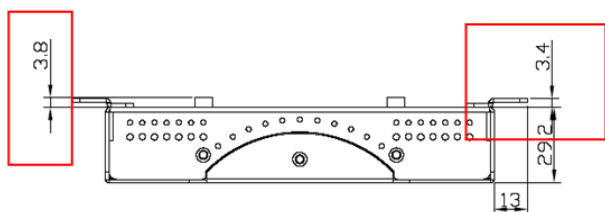

iEi will upgrade the AUPS series. Main reason is to upgrade the Mechanics Design to make the structure firmer. Please refer to attachment for detailed list of discontinued products and information on the replacement product.

1. Model :

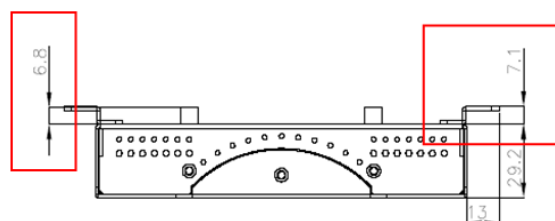

| Phase-out Model | Replacement model suggestion | Phase-out Reason |
|-----------------|------------------------------|---|
| AUPS-A10-R10 | AUPS-A10-R11 | 1. Modify VESA screw hole from 3.4mm to 6.8mm 2. Modify Wall Mount Kit from 3.4mm to 7.1mm |
| AUPS-A20-R10 | AUPS-A20-R11 | |
| AUPS-B10-R10 | AUPS-B10-R11 | |
| AUPS-B20-R10 | AUPS-B20-R11 | |

2. Mechanics Design :

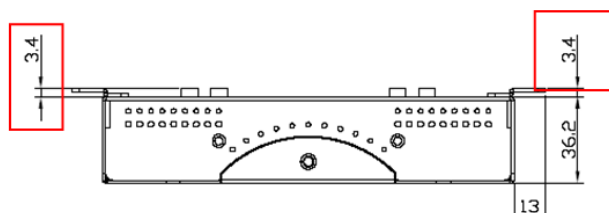

AUPS-A10-R10 / AUPS-A20-R10

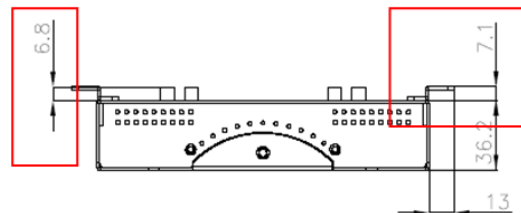

AUPS-A10-R11 / AUPS-A20-R11

AUPS-B10-R10 / AUPS-B20-R10

AUPS-B10-R11 / AUPS-B20-R11

However, please do not hesitate to contact us while you have any further comments.

Yours Faithfully,

CY Hung
