

TECHNICAL NOTICE

Issue Date: Sep 22, 2014

Product Name: HDC 3xx series

Regarding HDMI chip EOL

This letter is to inform you that the HDMI receiver IC, SII9013CLU will be executed an End of Life (EOL) soon. We plan to re-design these products in order to provide you more advanced products with new HDMI receiver IC. The project is on-going now and we will keep updating the latest information on our website.

We hope that this notification allows you time to order enough HDC-3xx series products to complete existing projects using your current designs and shift future designs to one of our other advanced solutions; we sincerely appreciate your understanding.

Please contact your representative by Oct, 17, 2014 to inform us the predicted order so we can prepare them for you in the future. Thank you for using IEI HDC series video capture solution and please feel free to contact me if you have any question or concern.

Affected Model

Affected Model
HDC-301-R10
HDC-301E-R10
HDC-302E-R10
