

## iEi Products Product Change Notice

**Phase-out Model:**

IMBA-Q670-R21

IMBA-C2060-R10

IMB-Q670-R21

IMB-C2060-R10

**Status:** Running Change

Dear Partners,

iEi appreciate you daily support on IPC business.

We would like to notify you for the phase-out model will be replaced. Due to the USB3 IC & Audio Codec IC EOL, iEi changed the USB3 IC of ASMedia ASM1042 to replace NEC UPD7202 for USB3 functionality, changed the Audio codec IC of Realtek ALC892 to replace Realtek ALC888 for audio function. This change of product will not impact your mechanical solutions.

**Product change table:**

Phase-out Model	Replacement Model	Remark
IMBA-Q670-R21	IMBA-Q670-R30	Change USB3 IC to ASMedia Asm1042
IMB-Q670-R21	IMB-Q670-R30	
IMBA-C2060-R10	IMBA-C2060-R20	Change USB3 IC to ASMedia Asm1042, and audio codec IC to Realtek ALC892
IMB-C2060-R10	IMB-C2060-R20	

However, please do not hesitate to contact us while you have any further comments.

*Yours Faithfully, Randolph Chen*  
*Product Manager, IEI Technology corp.*
