

Product Change Notification

PCN#: CIF-P20210607

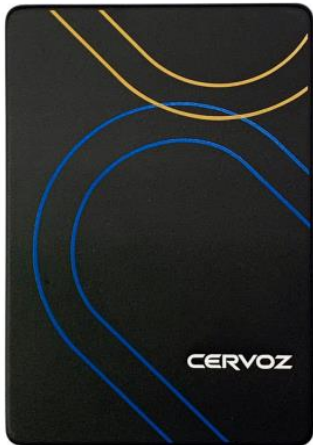

Subject: Product Change Notice for Cervoz Industrial SSD

Product: 2.5" SATA SSD Titan Series

Key Characteristics of the Change: Updated product enclosure design

Description: Cervoz is phasing in a new enclosure design for all product families of the 2.5" SATA SSD Titan Series. The new enclosure (as seen in the photos below) adopts a completely black exterior with a sandblasted finish, and the outlines of the signature Cervoz yellow and blue stripes. Beyond serving to differentiate the Titan Series which employs TLC technology from other product series, the updated design reflects the company's commitment to stay at the forefront of innovation in the industry in all aspects, including aesthetics. Customers can rest assured that there is no difference in functionality or performance, and this change will have no impact to the customer's application.

Effective Date: 2021.06.07

Family and Form Factor Affected: 2.5" SATA SSD T380 / T385 / T376 Families	
Current Enclosure	New Enclosure
 	 

Sincerely yours,

Alex Lee.
